

# Commission on Diversity, Equity, and Inclusion

## 2020-2021 Call for Proposals

The American Society for Engineering Education (ASEE) envisions widespread, inclusive, and equitable environments in engineering, academia, and industry that embrace individual differences and leverage diversity for a better engineered tomorrow.

The ASEE Commission on Diversity, Equity, & Inclusion (CDEI) invites interactive workshop proposals for the 2021 ASEE Annual Conference in Longbeach, California, and our ongoing virtual workshop series.

Workshop styles may include professional development programming, creative and collaborative dissemination of practitioner-focused research, interactive panel discussions, and other relevant community conversations.

Topics should be relevant to diversity, equity, and inclusion in engineering and related sectors across industry, government, and academia.

We encourage collaboration across professional societies, institutions, divisions, and research groups.

Event	Deadline	Duration	Audience
2021 Conference	2020-10-12	~90 minutes	Annual Conference Attendees
Virtual Workshops	Ongoing	~50 minutes	Free and accessible to anyone. Recordings saved on YouTube.
